GRANDFATHER CLAUSE

What if you have a foal that you want eligible to the breeders' incentive program once it starts paying out only to nominated horses? The Cup Stewards decided that a "one-time only" grandfather clause be enacted **for 2016 only**. To nominate a foal utilizing the grandfather clause, the stallion first has to be a nominated sire in 2016. He will then be referred to as a "Foundation Stallion". **For these Foundation Stallions only**, their progeny born in 2016 and earlier will be eligible to be nominated into the program according to the payment schedule if the foal nomination is started by December 31, 2016.

What do you get for your payment? The Cup nominated horse will be eligible for a minimum \$500 payout any time it finishes first, second or third in any designated Breeders Incentive race. Your first payout earns back your nomination fee! And for the rest of your horse's racing career it is eligible for the minimum \$500 payout in marked races. There's no limit to how much your horse can earn!
